

Railway Fields Local Nature Reserve

Volunteering opportunity!

Environmental Education Volunteer Officer

TCV are looking for volunteers to help with our environmental education sessions at Railway Fields and Haringey Primary Schools.

This is a brilliant opportunity to gain confidence and skills in environmental education. You will be:

- Preparing learning materials and equipment
- Showing children around the nature reserve, helping them understand and engage with the plants and animals around them
- Leading focused activities such as pond dipping, minibeast hunts and wildlife arts

We are looking for a commitment of **one to three days per week** during the Autumn Term (3 September-21 December) on **Mondays, Tuesdays and Wednesdays**.

An interest or knowledge of wildlife is very welcome but not required. All volunteers will need to complete a DBS (Disclosure and Barring Service, formerly CRB) check before working with children.

For more information about this volunteering opportunity, please contact our Schools Project Officer
