Reading and discussing “Monique and the Mango Rains by Kris Holloway

Monique and the Mango Rains is the true story of the life and death of a remarkable West African midwife, seen through the eyes of a young Peace Corps Volunteer who worked side-by-side with her, birthing babies and caring for mothers, in a remote, impoverished village. It is a rare tale of friendship that reaches beyond borders to vividly and irrevocably unite another woman’s world with our own.

BANNED BOOKS 2011

Banned Books, at a library near you!

Haringey Libraries are participating in this national promotion which seeks to raise awareness of issues of censorship and freedom of expression.

Librarians have chosen over 100 controversial titles which have been banned or challenged in this country or overseas, historically or currently.

Many of the titles are available for loan at Wood Green and Hornsey Libraries and the collection will then tour all the libraries.

Free app puts us online

Available for iPhone, Android and Blackberry handsets, the app will allow you to search, reserve, borrow and renew items on the move – and it's all free.

You will be able to scan the barcode of a book, CD or DVD when they are shopping and automatically search the catalogue to see if it's available free to

borrow in their local library.

What is HALS Family Learning?

It is free learning for parents and carers in schools and children's centres. Some crèche places may be available for parents with pre-school children.

You may have also realised that schools teach children in very different ways now from when you were at school. Family Learning will introduce you to the school curriculum so that you can support your child without confusing him or her with different methods you may know.

Find out about a free class near you in the New Year by calling **HALS Family Learning on 020 8489 4772.**
