Context Issues

- o MOPAC/MPS consulted on proposals to provide a 24/7 Front Counter at Fishmongers Arms, Wood Green; Standard Front Counter facilities at Hornsey Police Station and Tottenham Police Station and closing the Front Counter at Muswell Hill. Following consultation, 24/7 Front Counter facilities will be provided in Tottenham Police Station with Standard Front Counter facilities at Hornsey Police Station and Fishmonger's Arms, Wood Green.
- o The existing facilities at Tottenham Police Station will not meet longer term policing needs and a replacement Police Station will be provided in the Tottenham area to meet future policing requirements including 24/7 Front Counter facilities with appropriate public access and police deployment. The MPS will remain at Tottenham Police Station until the new site is ready.
- o The Local Authority are keen to support MOPAC/MPS to provide modernised facilities in support of policing needs in the Borough, recognising the urgency at Tottenham. MOPAC / MPS will explore options to relocate Front Counter and deployment facilities to a new Tottenham site.
- o To ensure contact facilities are provided in Muswell Hill, and other parts of the borough, MOPAC / MPS are working with the Local Authority to provide facilities at Muswell Hill Library.
