

**Wightman Road
Bridge closure work
Briefing update no. 1
31 March 2016**

- Wightman Road was closed on Tuesday 29 March for bridge replacement works by Network Rail
- On the morning of 29 March a burst water main occurred on Seven Sisters Road at the junction with Blackstock Road resulting in Seven Sisters Road being partially closed. As Seven Sisters Road is the responsibility of Transport for London, officers worked closely with Thames Water to ensure repairs were completed that day
- Transport for London monitored traffic flows on wider road network and altered traffic signal timings where possible
- Road works on the surrounding road network were postponed
- Traffic congestion had markedly decreased on the following day (30 March)
