A MESSAGE TO THE PUBLIC: PROTECT THE CROWN OFFICE IN HARRINGAY!

- Post office Ltd are putting the future of your Post Office at risk, with their plans to close Harringay Crown Post Office and replace it with a downgraded franchise model.
- This will lead to an inferior Post Office for customers and local businesses. The changes are simply a cost cutting exercise which will have a huge impact on the service you receive.
- Crown Post Offices offer a dedicated specialist service, by highly skilled, trained Crown Post Office staff. The staff who work in Harringay Crown Office have the experience and expertise to make sure that you get the highest standards of service at your Post Office.
- That experience and the hands-on control of the Post Office is especially vital when things go wrong.
- It is more likely the new office will have to recruit its own staff that, will no doubt, be on lower terms and conditions. Moreover, the specialist trained and committed service will be lost to the customers in these post offices.
- The move will also mean the Post Office will be moved into a shop with smaller space and fewer counters.
